

ATTENTION: Philadelphia Business Owners

Did you know that any business that sells prepared or prepackaged food for consumption off the premises **MUST** provide cans for trash and recycling? These cans must be placed within ten (10) feet of the public entrance to the business during the business' normal hours of operation.

We need you to comply and help us keep the city clean.

Fast Facts:

- Cans must be placed outside your front door.
- Cans can be brought in every night after closing time.
- Trash bags from these exterior bins can be placed curbside with other trash from your establishment.
- Recycling and trash bins come in all shapes and sizes and can be purchased at most hardware stores. Here are some examples:

Plastic Toter

Paired Metal Bins

Paired Metal Bins

Metal Mesh Bin

Small Plastic Bin

A litter-free storefront with trash and recycling bins is more likely to attract customers and keep pests away. That's better for your customers and better for your business.
